

# Is Your Business Ready to Claim the Protection of SB 2610?

Eight questions to help you understand where your business stands today and where expert guidance could help you close any current gaps.

## Program Design

1. Do you have a written cybersecurity program today?
2. If so, does that program meet the requirements of SB 2610 for a business your size?

|                          |     |                          |    |                          |        |
|--------------------------|-----|--------------------------|----|--------------------------|--------|
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |

## Framework Alignment

3. Is your current program built on a recognized framework, like NIST, CIS Controls, or ISO 27001?
4. Do you understand which framework applies to your business, based on your employee count?

|                          |     |                          |    |                          |        |
|--------------------------|-----|--------------------------|----|--------------------------|--------|
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |

## Documentation and Evidence

5. Can you produce written documentation showing when your program started and how you've kept it running?
6. If a breach happened tomorrow, could you prove everything was already in place before it occurred?

|                          |     |                          |    |                          |        |
|--------------------------|-----|--------------------------|----|--------------------------|--------|
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |

## Internal Readiness

7. Does someone on your team own this process and keep it current as your business changes?
8. Have you trained your team on what is actually required of them?

|                          |     |                          |    |                          |        |
|--------------------------|-----|--------------------------|----|--------------------------|--------|
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |
| <input type="checkbox"/> | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> | UNSURE |

No or unsure on a few of these is common, and it's exactly what a conversation with Pegasus is for. You can learn which requirements apply to your size and talk it through with Pegasus to find out exactly what it takes to get you covered under SB 2610.

**Contact Pegasus today if you are interested in an SB 2610 Readiness Review**
